DESCRIPTIF

The chalet is built over three levels and has 11 bedrooms in total. On the ground floor the chalet comprises a large garage with enough space for three vehicles, a spacious ski store and locker room, sauna, 4 bedrooms with ensuite bathrooms and a boiler room. Two of these bedrooms are currently used for staff that live in, and two are for guests. The gas central heating boiler has recently been replaced and upgraded.

On this level there are two more guest bedrooms each with ensuite bathroom, one having a small outside terrace. The Spa room is also located on this level and opens up onto the outside terrace by raising the roller shutter door. For convenience there is a separate WC located next to the spa room.

On the upper level there are 5 spacious bedrooms each with ensuite bathroom and each featuring the classic massive chalet style roof beams.

This fantastic chalet sits beside its older sister Alexandre, who was initially bought and renovated by the current owner and is now also for sale. Both chalets are for sale separately or both can be sold as one complete unit. Both have been on long term rental and each can cater for up to 18 people.
