DESCRIPTION

Discover this character property dating from around 1900, set in the heart of Talloires village just moments from the shores of Lake Annecy. Offering approximately 145 m² of total floor space (105 m² habitable), the house is arranged vertically over four main levels plus a mezzanine, combining the charm of an established village home with flexible accommodation and a beautifully presented independent studio.

The principal entrance opens into a generous kitchen and living area of approximately 38 m², where exposed beams, timber floors and the open layout give the space warmth and character. Windows on different aspects bring in natural light and attractive views over the surrounding village and greenery, while a small balcony provides additional outside space.

The next level offers two bedrooms and a family bathroom. Above, the principal bedroom benefits from its own bathroom together with a mezzanine office above. Windows on the upper levels bring in attractive mountain outlooks and views across the surrounding greenery, reinforcing the unusual sense of openness for a property right in the heart of the village.

At the lower level, the separate studio has been finished in a clean contemporary style and provides its own kitchen, sleeping area and bathroom. Currently independently accessed, it offers particularly useful flexibility for visiting family and friends, older children or a home-working environment, with the possibility of reconnecting it with the principal house...
